Knowing oneself should lead to self-transformation. It is through transforming ourselves that we can change the world for the better. We will ponder and discuss these topics together, to see their interconnection, to achieve a deeper understanding, to find and share valuable ideas and practical keys to lead a more mindful and meaningful life.

Participation in the Congress is an opportunity to hear some of the leading speakers of the Theosophical Society and to get acquainted with Russian theosophical thought and Russian theosophists.

We will be glad to welcome you and look forward to your participation!
